Amson Engineering

<http://www.perfumemachines.com/>

We are Manufacturing, Supplying and Exporting high quality range of **Filling & Sealing Machines**. The range is widely acclaimed for its low power consumption, precise performance, easy operation and robust construction.

Profile

Established in the year **2001**, we, "**Amson Engineering**" are involved in the field of manufacturing, supplying and exporting a wide array of **Filling & Sealing Machines**. Our sole objective is to provide superior quality products to the customers, at the most affordable prices. We ensure that our prolific range is designed efficiently with the help of modern machines and sophisticated technology that improves its quality and performance. Moreover, our range is hugely demanded in pharmaceutical, cosmetics, chemical, herbal and food industries owing to its durability, high accuracy and excellent performance.

Since our establishment, we have developed quickly as the most trusted organization in the market. This growth has been possible due to our prolonged efforts towards meeting the specific needs and demands of the patrons. Besides, our team of professionals is highly qualified and skilled to meet the bulk orders of the customers within the stipulated time period. This team works in close proximity with our clients for better understanding of their application needs.

Under the able guidance of our mentor, '**Mr. Madhusoodanan Namboodiri**, we have expanded the business in all the major markets of the world, including **East/Middle Africa, North Africa, South/West Africa, Middle East, South East Asia** and **North America**. His vast industry experience and leadership abilities have been helpful in effectively managing a huge team of professionals, and making organizations like **Galaxy Surfactants** in Tarapur, **Dexo Pharma** in Mumbai, **Dental Avenue** as our clients.
